The diagram illustrates the summation of profits for 20 departments. The departments are arranged in two rows of ten. The top row includes departments like Cano, Circo, Moto, and others. The bottom row includes departments like Cano, Circo, Fello, and others. Red arrows show the flow of profit from individual departments to intermediate sums and finally to a total sum of 20K.

Department	Department	Department	Department	Department	Department	Department	Department	Department	Department
Cano	Circo	Moto	Moov	Hard	Saud	Noël	Noël	Belli	Hewel
Cano	Circo	Fello	Merm	SAFC	Hewel	Daval	Broth	Bush	Eldo
Sams	HP C	Hon	Hami	Appl	HP F	Hewel	Bush	Kitch	Broth

A horizontal bar chart with a dark blue background and a grid of dashed white lines. The y-axis is labeled 'Product Name' and has two categories: 'Staples' and 'Cardinal Index Ta...'. The x-axis is labeled 'Discount' and has numerical markers at 0 and 200. The bar for 'Staples' is blue and extends to approximately 200 on the x-axis. The bar for 'Cardinal Index Ta...' is red and extends to approximately 100 on the x-axis.
